

Drive For Miles

G **C** **G** **C**

[Intro - capo at IV]

G **C**
Running a little late, and the tank's a little low

G **C** **G** **C**
But I'm not in a hurry, I'm just singing to the radio

G **C**
Cars move all around me, stepping up the pace

G **C** **G** **C**
And I cruise down the slow lane, lost in my own space

Bm11 **A7 no 3** **G** **C** **G** **C**
And I can drive for miles and never see what's all around me

Em7 **A7 no 3**
I'll take a drive on the back roads, so I can take some time to think things through

Em7 **A7**
put some miles between myself and all these things I've got to do

C **C/D** **G** **C** **G** **C**
Look for signs and try to see what they say to me

G **C** **G**
It's just like me to miss the road despite all the signs along the way

G **C** **G** **C**
Is it poor navigation or just lack of attention that's to blame-----

Bm11 **CM9**
My head's too far up in the clouds my sister used to say

Em7 **A7 no 3** **G** **C**
Some things never change, I guess I'll always be that way

Bm11 **A7** **G** **C** **G** **C**
Cause I can drive for miles and never know that I'm on the wrong road

Em7 **A7 no 3**
And when you're at that fork the stats would say half the time you'll go the right way

Em7 **A7**
But I can't seem to meet those odds, even on my best of days

Bm11 **CM9**
But maybe I'm just wasting time looking for some dotted line

Em7 **A7/C#**
I've heard it said that there is more than one right way to go sometimes

C **C/D** **G** **C**
And maybe I'll decide today the road I'm on is OK

G **C** **G** **C** **G** **C**
It's OK yeah La la la, la la la, la la la It's OK
