GUITAR capo III, sounding key of Bb

G G/F# C+2 C2/D D11 G G/F# C+2  
If I touch you gently, will you see... the way the pain you feel touches me?

G/B Am7 Am7/G D/F# B7  
You speak of emptiness inside, and say your trust in love has died

Em Em/D C+2 C/D D11  
And my heart bleeds tears of sympathy

G G/F# C+2 C/D D11 G G/F# C+2  
I can know the sadness in your soul, but I can't change its power to control

G/B Am7 Am7/G D/F# B7  
You act those scenes out in your mind, the same sad ending every time

Em Em/D C+2 C/D  
In a play with an eternal curtain call

D11 C G/B Am7 G+2  
Well I can't change things in the past, turn back time, and make love last

C Am7 C/D D11  
Or replace the things lost of your soul

C G/B Am7 G+2  
But if you knew how much I care would that ease the pain you bear?

F C/D D11  
Would you believe my love will always be...

G G/F# C+2 C/D D11 G G/F# C+2 C/D D11  
quietly there for you?

G G/F# C+2 C/D D11 G G/F# C+2  
If I offer my love and hold you near, will that make those scars all disappear?

G/B Am7 Am7/G D/F# B7  
Could you learn to feel secure sharing love that's real and pure

Em Em/D C+2 C/D D11 C/D D11  
Could it fill the void and take away your fear?

D11 C G/B Am7 G+2
