

# Take Me To The Mountain

(c) Music by Tracy Jane Comer, Music/lyrics by Tracy Jane Comer and Randy Green [Tracy plays on piano]

**INTRO: Dm Bb Dm Bb**

**Dm Bb C Gm**  
With your touch of newness, healing water flows, ancient liquid on my skin

**Dm Bb Ab Eb**  
Softly you breathe out, a whisper of your soul, I breathe you in

**Dm Bb C Gm**  
You were in my past, this I now believe, through some trick of time and space

**Bb Bb/C F Ab Eb**  
For I could hear your voice of love without a face, saying "Wait for me"

**C Gm EbM7 Fsus4**  
Take me to the mountain, show me how you see so far into the future, so deep inside of me

**C Gm EbM7 Fsus4**  
Take me to the mountain, show me how you see so far into the future, so deep inside of me

**Dm Bb Dm Bb**

**Dm Bb C Gm**  
Ever mystified by things I'll never know... You say "Just look up to the stars"

**Bb Bb/C F Ab Eb**  
But why can't I see the wind? You say I try too hard, "Just let it blow"

**C Gm EbM7 Fsus4**  
Take me to the mountain, show me how you see so far into the future, so deep inside of me

**C Gm EbM7 Fsus4**  
Take me to the mountain, show me how you see so far into the future, so deep inside of me

**F Ab Eb**  
You feel my fears, you know they're real

**Ab Bbsus4**  
And somehow you know just how much I need to feel

**Dm Bb Dm Bb**

**Dm Bb C Gm**  
In your silence I hear everything you say, as I hold your gaze
